

Website Overview

This website will serve as a platform to showcase my artwork to the world. My goal is for it to function not only as a portfolio but also as a creative space where others can view, appreciate, and engage with my work. I want visitors—especially other artists—to be able to comment on and like my art, helping me identify my strengths, such as character design, and continue growing as an artist.

Purpose Statement

The purpose of this website is to represent my identity as an artist by providing a space where my work can be displayed, critiqued, and shared with others.

User Personas

Primary Persona: Allisson

- **Gender:** Female
- **Age:** 20
- **Occupation:** Animator

Background:

Allisson is an aspiring animator who is constantly looking for inspiration to create new characters. She discovered my work through Instagram and followed a link to my portfolio for creative ideas and reference.

Goals:

- Find artistic inspiration for animation and character design
- Learn from other artists' creative processes
- Interact with and support fellow artists through comments and feedback

Motivations:

Allisson values creativity and individuality. She enjoys exploring different art styles and techniques that can spark new ideas for her own animation projects.

Secondary Persona: Marcus

- **Gender:** Male
- **Age:** 27
- **Occupation:** Art Director at an Independent Game Studio

Background:

Marcus works in the gaming industry, where he oversees visual design and character development for new projects. He often searches for talented artists with unique styles to collaborate with or commission for concept art.

Goals:

- Discover emerging artists with strong design and storytelling skills
- Evaluate potential collaborators through their portfolios and creative processes
- Contact artists for freelance or professional opportunities

Motivations:

Marcus values originality, versatility, and professionalism in an artist's presentation. He appreciates portfolios that clearly communicate an artist's strengths and creative identity.

Top Five Functions

1. Showcase a distinct artistic brand and personal identity
2. Provide a comment section for feedback and discussion
3. Include clear contact information for networking and inquiries
4. Feature behind-the-scenes details about the creative process
5. Allow users to like or share artwork on social media platforms

Measures of Success

1. **Visitor Engagement:** Steady growth in website traffic and returning visitors.
2. **Interaction Rate:** Increase in likes, comments, and shares on individual artworks.
3. **Constructive Feedback:** Quality critiques that help identify artistic strengths and areas to improve.
4. **Professional Opportunities:** Inquiries or collaboration offers received through the contact page.
5. **Brand Recognition:** Visitors can clearly identify your unique artistic style and themes.
6. **User Experience:** Positive feedback on the website's layout, navigation, and overall presentation.
